

### **SummerWinds BIS New and Improved Product Line**

We have some very **exciting news at Summerwinds**. We have re-branded with a totally new look. We have also re-formulated many of our products, as well as brought on some brand new product items.

For over 31 years **SummerWinds BIS** has taken great pride in our many loyal customers who have helped us achieve success. We attribute a great part of our longevity to the high quality standards of our product line. Our ingredients are the finest available in all of our formulas, and it is fair to say that the **SummerWinds** product line has definitely stood the test of time.

Our slogan '**SummerWinds – Where Quality is Never an Accident.**' ....

As great and results-proven as our original formulas were, technology brings to the 21st century new and innovative cosmetic ingredients. Keeping our customers' – and their animals' – best interests in mind, it was time for **SummerWinds BIS** to accommodate improvements in this technology. Fortunately, our chemist who over 30 years ago developed the original **SummerWinds BIS** product line has created our new and improved formulas. Taking care not to lose any of the greatest aspects of our old formulas, we have modernized and incorporated the improved **SummerWinds BIS** formulas with the newest technology in conditioning and cleansing blends. Analogy - this could be compared to a carbureted automobile up-grading to a fuel-injection system providing a more efficient, enhanced performance.

The New (State-Of-The-Art) **SummerWinds BIS** Pet Cosmetic and Supplements product line are now:

- **Lower in Sulfates,**
- **Contain No Traces of Silicone,**
- **Even Gentler on the Animal's Skin and Coats, as well as the Human Hands,**
- **Emphasis Remains Unchanged on our same 6.5 pH Balanced product line.**
- **Highly Concentrated, to Increase Consumer Value.**
- **Most importantly our mission is that all our SummerWinds product**
- **Ingredients are safe to animals.**

***SummerWinds Pet Cosmetics are Absolutely Never Product Tested on Animals.***

We know that you will be impressed and love our New (Improved) **SummerWinds BIS** products even better than the original.
